

Home Library Service

Overview:

What is the Home Library Service?

The Home Library Service is available to anyone who wants to read or listen to books and has no-one able to choose and collect items for them from a library, and who satisfies at least one of the service eligibility criteria. The service is available to people of all ages and it is also available to carers who may be housebound due to the nature of their caring duties.

How does the service work?

The Home Library Service is based at Flitwick Library where the staff choose and bundle books tailored to what you specifically like to read or listen to.

You will receive a delivery, once every three weeks, and this can be up to 10 items which can be any combination of: regular print books, large print books or spoken word CDs.

If you require this application in a larger font, would rather us complete the application for you via phone, or have any further questions or queries, feel free to contact the library on the below details.

Where do I send the form?

Post it to:
